Water recycling

Anglian Water land

What can you do?

Preventing pollutions, flooding % blockages

The most common culprit is wipes – many wipes contain hidden microplastics.

- Most wipes and sanitary items (tampons, pads) contain plastic, which contributes to the increasing problem of microplastics in rivers and seas – **BIN THEM**.
- Bin all nappies and baby wipes/face wipes
- Recycle or compost used cooking oil, fat and grease

Only flush the 3 Ps (Pee, toilet Paper and Poo)

Fact
3 in 10 adults surveyed admitted to flushing items such as cotton buds down the loo

Fact
By the time a child is two years old they will have gone through, on average, 4500 nappies and 17,500 baby wipes

How to spot sewage pollution

- **In a river or stream**

- Toilet debris e.g. toilet paper, wipes, sanitary waste
- Soap suds or a milky-coloured discharge
- Grey coloured water
- Sewage smell

- **In homes or gardens**

- Overspilling toilet
- Sewage leaking from a manhole
- Rising toilet water when you flush

Reporting sewage pollution in a river, stream or other watercourse, call [03457 145 145](tel:03457145145)

Sewage pollution is caused by blockages – we can all do our bit to prevent blockages!

Winter Homes Packs

October 2024

What you can request:

You can order up to two boxes of bath buoys

Bath Buoys – 50 per box

Inflatable bath device to reduce the amount of water needed for a child's bath.

You can order up to two boxes of shower heads

Reduce flow shower heads* - 100 per box

Shower head – Flow point – reduces the amount of water from the shower

*Not suitable for Electric Showers - or lower pressure systems or gravity fed systems with less than 0.5 bar pressure. If you are uncertain if this product is suitable, we recommend you contact the manufacturer.

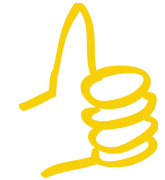

Shower responsibly leaflet

Supporting customers to understand the benefits of a shorter shower on save water, energy & money

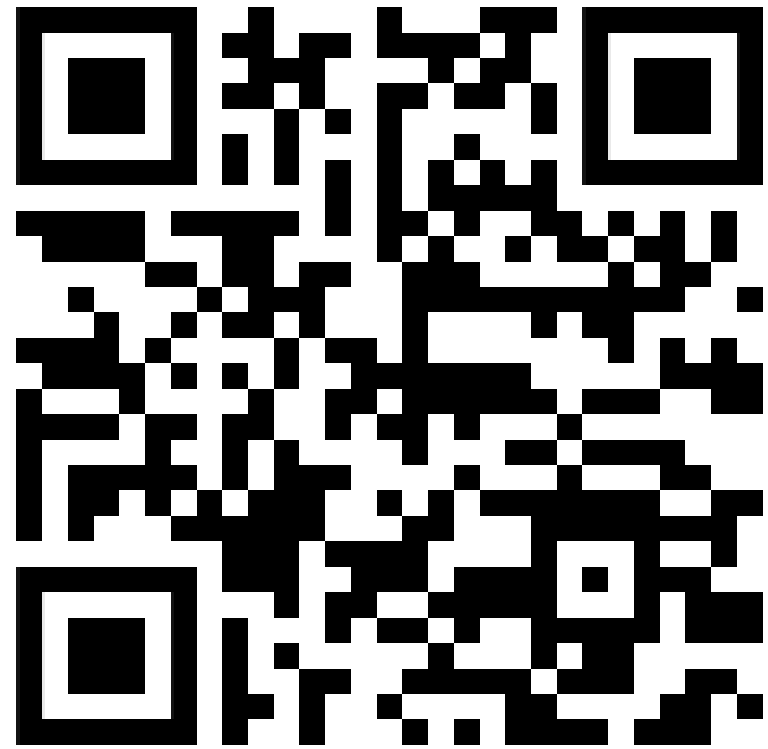

You'll receive enough leaflets to be handed out with your shower heads

How to order

- Follow this link to order your required devices: <https://forms.office.com/e/66ahPVjsEU>
- By completing the form you are agreeing to us sharing your information with our logistics company who will send the devices to your preferred contact & address
- You can order a selection of what you need, up to two boxes of each and we will send these directly to you to share with your clients. These are free of charge.
- Quantities will be outlined in box numbers – please request how many boxes of each item you would like. The number of items in each box is noted on the form. If you would like larger quantities please contact us on customerengagement@anglianwater.co.uk and we can see if this can be arranged.
- **Our terms and conditions for our water saving devices can be found here for information:** <https://www.anglianwater.co.uk/hidden-pages/community-giveaways-terms-conditions/>
